REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Beech Hill Securities, Inc.

We have audited the accompanying financial statements of Beech Hill Securities, Inc. (a New York corporation), which comprise the statement of financial condition as of December 31, 2015, and the related statements of income, changes in stockholders' equity, changes in subordinated borrowings, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Beech Hill Securities, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Beech Hill Securities, Inc. as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1: ORGANIZATION AND BUSINESS

Beech Hill Securities, Inc. (the "Company") is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA"). The Company clears all of its customer transactions through a correspondent broker on a fully disclosed basis. The Company's main office is located in New York, New York.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly-liquid financial instruments with maturities of three months or less when purchased to be cash equivalents.

Allowance for Doubtful Accounts

The Company assesses the financial strength of its customers. Periodically, the Company evaluates its accounts receivable and provides an allowance for doubtful accounts equal to the estimated uncollectible accounts. The Company's estimate is based on a review of the current status of the individual accounts receivable. As of December 31, 2015 there was no allowance for doubtful accounts as management believes that all receivables are fully realizable. It is reasonably possible that the Company's estimate of the provision for allowance for doubtful accounts will change.

Securities Owned

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Securities are recorded at fair value.

Furniture, Equipment and Leasehold Improvements

Furniture, fixtures, office equipment and leasehold improvements are recorded at cost. Depreciation and amortization are provided on both the straight-line and accelerated methods over the shorter of the estimated useful lives of the respective assets or the lease term. Maintenance and repairs are charged to expenses as incurred while major renewals and betterments are capitalized.

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Equipment and Leasehold Improvements (Continued)

When items of property and equipment are sold or retired, the cost and related accumulated depreciation and amortization are removed from the accounts and a gain or loss (if any) is included in earnings in the period of disposal.

Revenue Recognition

Securities transactions and commission revenue and expenses are recorded on a trade date basis. Fee income and related expenses are recognized when earned and incurred, respectively, arising from financial advisory services provided by the Company to its clients. Trading gains (losses) are determined using the identified cost method. Rebate income consists of revenue received from the clearing broker and is recognized as earned. Dividend income and expense are recognized on the ex-date and interest income and expense are recorded on the accrual basis.

Income Taxes

The Company elected to be treated as an S corporation pursuant to Section 1362 of the Internal Revenue Code. As a result of this election, the Company's net income or loss is reportable on the individual tax returns of its stockholders. A similar election was made for New York State tax purposes. The Company is subject to New York City corporate income taxes and the New York State corporate minimum tax.

Income and losses for tax purposes may differ from the financial statement amounts. Stockholders' equity reflected in the accompanying financial statements does not necessarily represent the stockholders' tax bases of their respective interests.

Accounting principles generally accepted in the United States of America requires management to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination based on its technical merits. Management has analyzed the tax positions taken by the Company and has determined that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

The Company's U.S. Federal, state and local income tax returns prior to fiscal year 2012 are closed. Management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

The Company recognizes interest and penalties associated with tax matters, if applicable, as part of other expenses and includes accrued interest and penalties in accrued expenses in the statement of financial condition. The Company did not recognize any interest or penalties associated with tax matters for the year ended December 31, 2015.

The Company has evaluated subsequent events through February 23, 2016, the date the financial statements were available to be issued.

NOTE 3: RECEIVABLES FROM CLEARING ORGANIZATION

Due from clearing organization at December 31, 2015 consists of \$946,146 of net proceeds received from trading activities and commissions.

NOTE 4: FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS

The following table shows the balances of major classes of furniture, equipment and leasehold improvements, their estimated useful lives, and the accumulated depreciation and amortization for each class at December 31, 2015:

Equipment and Software	3 to 5 years	\$ 850,500
Furniture	5 years	348,710
Leasehold improvements	Shorter of lease term and estimated useful life	91,759
		<u>1,290,969</u>
Less – Accumulated depreciation and amortization		<u>(1,157,309)</u>
		<u>\$ 133,660</u>

Depreciation and amortization expense for the year ended December 31, 2015 was \$37,990.

NOTE 5: SUBORDINATED BORROWINGS

The Company has borrowings of \$300,000 subject to subordination agreements, which are more fully described as follows:

<u>Description</u>	<u>Effective</u>	<u>Maturity</u>	<u>Rate</u>	<u>Balance Due</u>
Note payable to stockholder	January 1, 2014	December 31, 2017	3%	\$ 100,000
Note payable non stockholder	March 7, 2014	March 16, 2017	3%	100,000
		(Due to expire March 2016, executed auto renewal)		

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 5: SUBORDINATED BORROWINGS (Continued)

<u>Description</u>	<u>Effective</u>	<u>Maturity</u>	<u>Rate</u>	<u>Balance Due</u>
Note payable to non stockholder	October 24, 2012	December 31, 2016	3%	100,000
		(Executed auto renewal of 2 years, based on 2014)		
				\$ 300,000

On January 1, 2014, a new equity-subordinate loan was signed, which has a term of three years expiring December 31, 2017.

On March 7, 2014, a new equity-subordinate loan was signed, which has a term of 1 year expiring March 16, 2015 but has been extended for auto renewal for an additional year set to expire March 16, 2016 and will auto renew for an additional year.

Interest expense incurred on the loans for the year ended December 31, 2015 amounted to \$9,000. The subordinated borrowings were included in the computation of net capital under the SEC's Uniform Net Capital Rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they cannot be repaid.

NOTE 6: FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Fair value is a market-based measurement that should be determined based on the assumptions market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (2) the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). Valuation techniques used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels, as follows:

Level 1: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

Level 2: Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 inputs include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs are used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances, which might include the reporting entity's own data. However, market participant assumptions cannot be ignored and, accordingly, the reporting entity's own data used to develop unobservable inputs are adjusted if information is reasonably available without undue cost and effort indicating that market participants would use different assumptions.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The following table presents the Company's assets and liabilities measured at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Securities Owned:</u>				
Municipal Securities	<u>\$ 0</u>	<u>\$ 143,239</u>	<u>\$ 0</u>	<u>\$ 143,239</u>

Municipal securities are normally valued using a model that incorporates market observable data, such as reported sales of similar securities, broker quotes, yields, bids, offers and reference data. Certain securities are valued principally using dealer quotations.

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 7: RELATED PARTY TRANSACTIONS

The Company, serving as introducing broker, earned commission income during 2015 of approximately \$43,071 from an affiliated investment relationship. The owners of the Company are the general partners of the investment funds from which such income was earned and expenses were incurred. Such amounts were included in commission income and commission, clearing, and floor brokerage expenses on the statement of income, respectively.

The Company shares office space and certain personnel with a related entity, Beech Hill Advisors, which is a registered investment advisor that is also owned by the owners of the Company. Beech Hill Advisors has separate management and is otherwise not dependent upon the Company. Beech Hill Advisors paid the Company \$136,688 for the use of shared office space, to reimburse the Company for the use of its employees, for brokerage expenses and general revenue sharing. Such amounts are included in affiliated income in the statement of income.

NOTE 8: LEASES

The Company occupies office space under a lease through February 28, 2019. Under the terms of the lease, the base rent is subject to changes for increases in real estate taxes and operating costs. Certain principals of the Company have guaranteed payments required under the lease obligation. Pursuant to this lease, the Company maintains a rent security deposit in the amount of \$30,000, which is reflected in the other assets in the statement of financial condition. Rent expense was \$349,808 for the year ended December 31, 2015 and is included in occupancy and related costs in the statement of income.

The Company also subleases a portion of its facilities to other parties, which resulted in non-broker dealer related income of \$201,750. Two of those leases are long-term and require fixed monthly rental payments through December 31, 2019 while the remaining leases are month to month.

Future minimum commitments under the above long-term leases, including sub-lease income, are as follows as of December 31, 2015:

For the years ended December 31:	Minimum <u>lease commitments</u>	Sublease <u>income</u>
2016	\$ 319,440	\$ 132,000
2017	319,440	132,000
2018	319,440	132,000
2019	<u>53,240</u>	<u>22,000</u>
	<u>\$ 1,011,560</u>	<u>\$ 418,000</u>

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 9: 401(K) PLAN

The Company maintains a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code. Employees who have completed six months of service and have attained 21 years of age are eligible to participate. Participants may contribute up to 15% of their salaries. The plan provides for discretionary employer matching contributions. For the year ended December 31, 2015, the Company made no matching contributions.

NOTE 10: RISKS AND UNCERTAINTIES

Substantially all of the Company's cash and securities positions are held by a custodian broker. The Company has not sustained losses on its cash positions held with its custodian broker and believes its risk is further mitigated by the fact that the broker is highly capitalized and is also a member of major security exchanges.

Although the Company clears its customer transactions through another broker/dealer, nonperformance by its customers in fulfilling their contractual obligations pursuant to securities transactions may expose the Company to risk and potential loss. The Company has a policy of reviewing, as considered necessary, the credit standing of each customer with which it conducts business.

The Company is involved, from time to time, in proceedings with and investigations by governmental agencies and self-regulatory organizations.

NOTE 11: COMMITMENTS AND CONTINGENCIES

As of the date of the financial statements, there are no material commitments or contingencies requiring accrual or disclosure other than those that have already been discussed throughout the report.

NOTE 12: WARRANTS

From time to time, the Company is party to investment banking transactions where the Company may receive warrants of issuing parties as part of its compensation. However, the Company also assigns these warrants to third parties and, accordingly, any value ascribed to the warrants is offset by a liability due to the third party. No assets or liabilities are reflected in the financial statements for these warrants as the value of warrants held by the Company are immaterial.

BEECH HILL SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 13: TREASURY STOCK

The Company sold 13.43 shares of stock from treasury to a shareholder for \$100,000. At December 31, 2015, the Company had 21.25 shares of stock still held in treasury at a cost of \$127,387.

NOTE 14: NET CAPITAL

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash distributions paid if the resulting net capital ratio would exceed 10 to 1.
